Memora synthetic release brief

Project: API customer demonstration
API owner: Alex. QA owner: Bailey. Sponsor: Casey.
Initial API delivery deadline: November 5, 2026.
Customer demonstration: November 9, 2026.
Acceptance: API endpoints work, QA has authorized test data, and risks are reviewed.
Dependencies: test data authorization must be granted before QA can begin.
This fixture contains synthetic facts, not an actual customer record.
